The Pasha Course

18 Holes, Par 72, 5731 Metres

At an inviting 5731 metres, you may think that The Pasha would be a walk in the woods but don't be fooled by the scenery!

The Pasha will test the skills of high and low handicaps alike with a combination of different challenges. Tricky dog legs cleverly placed bunkers and undulating greens will ensure that the more experienced golfer must think over each shot carefully. The shorter length coupled with generous fairways will not unfairly punish the higher handicapper for any wayward shots.
